Reading notes

1. Federal agency collaboration with state, local, tribal, and territorial governments (Clouser McCann & Selin, 2025)

- EO 13175: Consultation and Coordination With Indian Tribal Governments
  - why was this mentioned often?
  - information sharing
  - workforce: opportunity dashboard
  - 60 executive branch officials; cabinet levels: well represented cabinet
- What rules are they posting?
- What incentives is the agency getting?

2. Government performance management: Leading practices to enhance interagency collaboration and address crosscutting challenges (?)

- The leadership part was interesting; the GAO report was very informative and helpful to understand the interagency collaboration, when it comes to the federal agencies and SLTTGs.

In-class Consultation

- SSA: US code scrape (text analysis)
  - 130 sections of the US code
  - 117 are intergovernmental
- Verb categories
  - Operations: rank 1
- Where it sits: most of the time: public health and welfare
- Email Pam for the SSA US code scrape
- She will be happy to have appendices in the report
- I can record my presentation using Zoom and share it with Pam
